Grievance Module for NPS-Lite Subscribers

Central Grievance Management System (CGMS) is a platform provided by CRA to the entities for registering their grievances in the CRA system. For the purpose of raising a grievance, the entity needs to be registered and in active status in the CRA system. At present, NPS Regular subscribers can login to the CRA system (www.cra-nsdl.com) with their User ID and password to register grievance against entities in NPS. Now an option has been provided to the NPS Lite subscribers to register their grievances. The NPS Lite subscribers will be able to raise the grievances directly in the CRA website (www.npscra.nsdl.co.in) without logging in.

Once the grievance is raised by the subscriber, Token Number will be generated as an acknowledgement for the grievance. An SMS (containing the token number) is sent to the mobile number provided by the subscriber during lodging of the grievance. The grievance raised by the subscriber is forwarded through NPS Lite system to the concerned NPS Lite Accounts Office (NLAO) for resolution. This document provides the detailed process for lodging of grievances by the NPS Lite subscriber.

1. The detailed process through which a subscriber will lodge a grievance is explained below:

The subscriber will be required to access CRA website <u>www.npscra.nsdl.co.in</u> and click on the "Subscriber's corner" menu on home page.
